I. BACKGROUND

The YOUNG SOCIALIST ALLIANCE is the youth organization of the SWP. The SWP utilizes this group to further its aims and goals. The YSA is considered the action group of the SWP, that is, it attends rallies and conducts demonstrations and protests in the interest of the SWP. The YSA leadership are SWP members.

II. SECURITY ASPECTS

The National Organizational and NY Headquarters of the YSA are located at 45 E. 7th Street, NYC. The headquarters entrance is a store front on the street level. There is only one entrance to the headquarters. The door is locked with a "Master" padlock only. The key was obtained for this padlock after securing the code numbers and having the key made from the numbers.

The entrance to the building is located approximately 75 feet on the north side of 7th Street from Second Avenue. The headquarters is a street front located adjacent to the entrance to the apartment building at 45 E. 7th Street. East of the headquarters store front are located 4 similar store fronts within the same building. These are described as follows: New York Telephone Company; empty store front; law office; empty store front.

There are 4 floors of apartment dwellings above these store fronts in the building.

There is a street light located on the north side of 7th Street, approximately five store fronts east of the headquarters. Inasmuch as the nearest other street light is located on the southeast corner of 7th and Second, the immediate area of the headquarters is reasonably dark in evening hours.

On 1/29/61, a highly confidential source was contacted and developed at 799 Broadway, NYC. This source is being contacted on a continuous basis authority. Approval is desired to utilize this source at the time of next contact in an effort to develop information on captioned organization whose headquarters are located in Room 329 at 799 Broadway. It is expected the source will be contacted on 5/21/61.

BACKGROUND

The Fair Play for Cuba Committee (FPCC) was organized in NYC one year ago by pro-CASTRO supporters, both Cuban and American. One of the founders has testified that the FPCC was launched with an advertisement in "The New York Times" with money the Cuban Government channeled into the FPCC.

During the year the FPCC has been in operation, it has achieved considerable public notoriety and support from other groups such as the Socialist Workers Party, Workers World Party, Young Socialist Alliance, July 26 Movement and the Communist Party. Information from numerous reliable sources now indicates the FPCC is dominated and controlled by the Socialist Workers Party.

The current investigation of the FPCC is directed toward developing information bearing on Registration Act violation and determining whether the nature of the controlling elements warrants placing the FPCC on the Attorney General's List.

PURPOSE

It is expected that the aforementioned confidential source can be of assistance in ascertaining the following information on the FPCC:
